Hi there! 🙋

My name Prasad an AI Expert. How can I assist you today?

I can only get rows from Google Sheets, not a specific sheet like "sheet1" or from a device. Is there a Google Sheet you would like to access?

Here's the information from Sheet1:

- Row 2:
 - Time Slot: 6:00 – 7:00 AM
 - Task/Activity: yoga, exercise, pooja
 - Priority: High

can you access my sheet1 from the device

can you provide sheet1 information
